# Keep a perfect Green

SportGRASS Bowls-2006

We use the best products available so you'll experience the very best synthetic bowls surface every time you play. Your clubs memberships (and profits) will increase with your new year-round playable surface. Save time and money on maintenance, running costs and water, giving more play time and less downtime. The durability and UV stability of the surface is resistant to Australia's harsh climate from scorching summers to drenching winters, your greens will be ready for play year round (year after year). Endorsed and approved by the World Bowls Board, **BoagSPORTS Surfaces** are at the forefront of professional surface installation.

SYNTHETIC SURFACE CONSTRUCTION

# BoagSPORTS.

SYNTHETIC SURFACE CONSTRUCTION

SportGRASS 12mm Water Less

**BoagSPORTS Surfaces** have a passion for sports construction. We've been leaders in the industry for more than 30 years, installing the best quality surfaces on time, every time, with over 1000 sports surface installations in both Australia and overseas, including greens for the Commonwealth Games & World Bowls Competitions.

SPORTGRASS BOWLS TURF® is manufactured to World Bowls Board standards as the most advanced hi-tech synthetic grass surface world-wide. Installed on a 45° angle, which enables more north-south and east-west bowling to avoid any seam interference. **BoagSPORTS** provides a porous engineered base and grass system assuring absolute evenness for the bowl, including rapid drainage after heavy rainfalls. Bowling surfaces can be tailored to suit your specific speed and roll requirements.

All our products and installations have extensive warranties and guarantees to give you peace of mind. Our success is measured by continued recommendations long after each job is complete. Exceeding our customers requirements and giving customised, personalised service ensures 100% satisfaction.
