

Cost Effective  
Minimal Maintenance

# The Perfect Advantage

SportGRASS

Attention to detail has led us to become one of the best in our field. **BoagSPORTS** have a wide variety of surfaces available to suit tennis clubs to professional, architecturally designed private courts. Every step is finished to perfection - design, construction, engineering, lighting, fencing and retaining walls to landscaping and tree care. Innovative under-court water storage captures maximum rainfall to keep your gardens lush all year round. The durability and UV stability of the surface is resistant to Australia's harsh climate from scorching summers to drenching winters, your court will be ready for play year round (year after year). **BoagSPORTS Surfaces** are at the forefront of professional construction and surface installation.

SYNTHETIC SURFACE CONSTRUCTION

SportGRASS

**BoagSPORTS Surfaces** have a passion for sports construction. We've been leaders in the industry for more than 30 years, installing the best quality tennis courts on time, every time, with over 1000 sports surface installations in both Australia and overseas, we're leaders in our field.

Experts in design, engineering and construction are at hand to make your vision a reality. If you can dream it, we can build it. Ask us about under court water storage, lighting, landscaping and accessories to make your court a winner.

All our products and installations have extensive warranties and guarantees to give you peace of mind. Our success is measured by continued recommendations long after each job is complete. Exceeding our customers requirements and giving customised, personalised service ensures 100% satisfaction every time.
